

## *Scrap Dance Twist*

### *March*

### *From My Carolina Home*

Make pairs of Half Square Triangles from half of your 5-inch scrappy and background squares. Use the number of squares on this chart. The rest were used in Step 2.

Size	Table Topper	Crib	Throw	Twin	Full	Queen	King
Background 5-inch Squares	4	9	20	24	35	42	56
Scraps 5-inch Squares	4	9	20	24	35	42	56

On the backside of your 5-inch background squares, mark two straight lines, 1/4 inches from a center line from corner to corner. Pair the background square right sides together with a scrappy square and sew on the lines. Cut the square in half diagonally between the sewing lines. Press to the darker side. Square up to 4-1/2-inches.
